

New York's Premier Building Supply Resource

A World-Class, Versatile Supplier

The Company We Keep: Best-In-Class Brands

Park Avenue Building and Roofing Supplies (Park Avenue) offers a full range of best-in-class construction products designed for any new construction project or renovation. We are a leading supplier of premium construction brands like Benjamin Moore paint, USG, Armstrong, Siplast, Ardex, Henry and Sika.

Our premium brands include:

Experienced And Versatile Supplier

Park Avenue supplies building materials to many of the major contractors in New York and New Jersey, as well as to local homeowners and builders. Our broad product knowledge combined with our unparalleled purchasing power allows us to supply state-of-the-art products and materials to the region's largest commercial projects as well as to smaller contractors and residential customers.

Park Avenue is a union supplier and is proud to be certified with the following agencies:

- Empire State Development Corporation
- New York City School Construction Authority
- Port Authority of New York & New Jersey
- Dormitory Authority of the State of New York
- NY/NJ Purchasing Council
- The Greater New England Minority Supplier Development Council
- Nassau County Office of Minority Affairs
- New York City Department of Small Business Services

A Full-Service Resource For the Homeowner

State-Of-The-Art Location

Park Avenue's Brooklyn location at 2120 Atlantic Avenue offers "best in class" materials for any size or type of construction or renovation project. We are comfortable talking to our customers about truckloads of material as well as a new front door, paint for the dining room or weather stripping for that troublesome window. Our True Serve Home Center focuses on customer service. Our employees are problem solvers who can assist both home owners and contractors with their paint, electrical, plumbing, door and window needs.

Leading Green Supplier

We provide New York's contractors and homeowners with a full range of sustainable building materials, including FSC® certified lumber and plywood and Low and No VOC paints.

Our full range of green building materials and supplies includes:

- Recycled and mold and mildew resistant drywall
- Fiberglass Insulation
- Metal studs from recycled steel
- Benjamin Moore Low and No VOC (Volatile Organic Compounds) Paints
- Cleaning Supplies (Green Guard Certified)
- Caulking and Adhesives
- Energy Star Rated Windows and Doors
- Forest Stewardship Council® Certified lumber and plywood available through chain of custody certification

The mark of
responsible forestry

We Are New York's Premier Minority - Owned Supplier!

We've made a significant investment in inventory, offering heavy-duty steel, including metal decking, wide-flange beams and joists, with full delivery capabilities. Park Avenue can also supply a range of building materials including drywall, roofing, insulation, lumber, plywood and much more. Our approach to doing business as an MBE reflects our overall philosophy of staying competitive, delivering on-time, and building long-lasting relationships with customers.

Our goods and services have been used in numerous landmark projects including:

- John F. Kennedy International Airport
- Numerous school projects for the New York City School Construction Authority
- The New York City Housing Authority
- The Battery Park City Authority
- Queens Medical Center
- 7 World Trade Center
- Jet Blue Terminal
- Goldman Sachs World Headquarters
- Bank of America Tower
- Freedom Towers
- 42nd Street & 10th Ave
